GUARNIERI

L' Azienda Guarnieri nacque con un'impronta del tutto familiare verso i primi del '900, basando il suo lavoro esclusivamente sulla costruzione di mobili in stile. Intorno agli anni '50 cambiò orientamento e iniziò a fabbricare mobili radiofonobar e fonobar, arrivando in seguito al carrello porta TV. La ditta raggiunse ed ottenne risultati lusinghieri grazie al miglior design espresso, come dimostra il Mercurio d'Oro che, nel 1972 la qualificò prima in Europa rendendola leader nel settore. Oggi l'Azienda è dotata dei più sofisticati sistemi di produzione, dalle macchine a controllo numerico interfacciate ai computer ai sistemi grafici di progettazione. Tutti gli articoli della nostra produzione sono forniti in kit premontati in modo che il montaggio degli stessi avvenga in pochi minuti. I materiali infine, sono sottoposti ai più attenti controlli di qualità anche nel rispetto verso l'ambiente, prova ne è il marchio Pannello Ecologico di cui ogni prodotto è provvisto. Il fatturato di questi ultimi anni dimostra che il lavoro dell'Azienda fiorentina è apprezzato in Italia e all'estero. Questi i motivi per aver scelto e scegliere sempre un prodotto Guarnieri®.

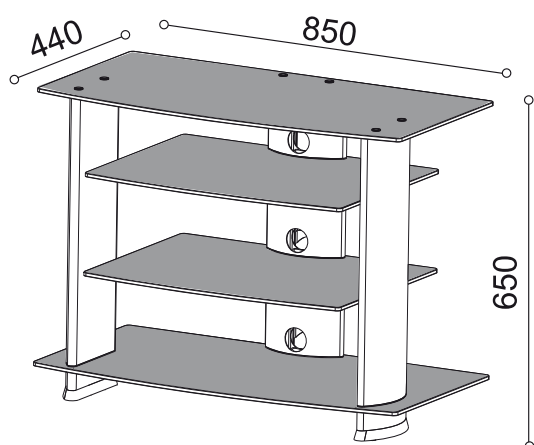

Born at the beginning of the '900, the family-run Guarnieri Company based its work exclusively on reproduction furniture. In the 50's the Guarnieri family changed its trend and started producing minibars with built-in radio and record player, and minibars with built-in record player, and then proceeded to producing trolley furniture. The firm had flattering results thanks to its design; in 1972 they were awarded with the Mercurio d'Oro, which qualified the Guarnieri as the best European Company. Today the company is equipped with all the modern production systems, such as computer-interfaced numeric control machines, and graphic design systems. All the pieces in our production come in pre-assembled kits so as to make their assembling fast and easy. The quality of the environment-friendly materials is carefully checked, as stated by the Pannello Ecologico label coming with every piece.

The latest years' turnover shows that the Florentine company is appreciated both in Italy and abroad. All this explains why Guarnieri® pieces continue to be chosen now as they were in the past.

391

Supporto universale per TV LED, LCD e Plasma, costruito in alluminio, cristalli temperati serigrafati neri, ruote di movimento.

Universal LED/LCD/Plasma TV floor stand in rigid extruded aluminium, black tempered glass, hidden wheels.
